

burden estimate will remain at its current level.

The bank also mentioned the possibility of extending the due date to 60 days after quarter-end, obtaining a menu driven software package, and transmitting the data electronically. The agencies have decided to retain the current due date of 45 days after quarter-end, but will consider whether to offer electronic reporting in the future.

After considering the comments received on the proposal and further banking agency staff discussions about the content of the Foreign Branch Report of Condition, the FFIEC and the agencies decided not to proceed with the addition of the new items, the revision of other items, and the revised criteria for quarterly reporting, as had been proposed. Instead, the agencies will study further their needs for information on the foreign branches of U.S. banks for supervisory and other public policy purposes. Should this study lead to recommended changes to the information that the agencies collect in the Foreign Branch Report of Condition, including some or all of those that the agencies proposed on December 30, 1996, the agencies will request public comment for 60 days on such proposed revisions in accordance with the Paperwork Reduction Act of 1995. The only change to the Foreign Branch Report of Condition that the agencies are implementing at this time is a revision to conform the reporting instructions with GAAP.

William W. Wiles,
Secretary of the Board.

Dated at Washington, D.C., this 23rd day of June, 1997.
